### I. COLLECTION, PROCESSING, RECORDING AND USE OF DATA

When using our website the following data will be logged, whereby the recording of data is solely made for internal system purposes and statistical purposes: names of retrieved pages, brand and version of employed browser and operating system, referring domain, date and hour of access, search engines employed and names of retrieved files and IP-address. These data will be deleted within 7 days.

### II. USE OF COOKIES

A cookie is a small text file stored on a user's computer and allows an analysis of the user's use of the website.

We use cookies in connection with Google Analytics, as detailed further below. Furthermore, cookies are used in connection with the use of our YouTube videos, as also detailed further below.

You can configure your web-browser in a way that cookies are generally declined or that they need be confirmed by you in each applicable instance. If you decide to have cookies generally declined you may not be able to use certain functions of our website. The "help" menu of most web-browsers explains how you can bar your computer from accepting new cookies or how you can have your browser notify you when receiving a new cookie or how to delete all received cookies.

### III. GOOGLE ANALYTICS

This website uses Google Analytics, a web analysis service by Google Inc. ("Google"). Google Analytics uses so-called "cookies". Cookies are text files that are stored on your computer and allow an analysis of your use of the website. The information on your use of the website as generated by the cookie will usually be transferred to a server in the US and stored on such server. In the event of activation of IP-anonymization on this website your IP-address will, within member states of the European Union or other countries adhering to the treaty on the European Economic Area, be shortened before such transfer. Only in exceptional instances the full IP-address is transferred to a server in the US and shortened there. Google will, as an agent of the person or entity operating this website, use such information for purposes of analyzing your use of the website in order to create reports on the website activities and in order to render further services related to the use of the website or of the internet to the person or entity operating the website. The IP-address transferred by your browser under Google Analytics will not be brought together with other data of Google. You can prohibit the storage of cookies by way of a respective configuration of your browser software; we inform you, however, that in this case you may not be able to fully use all functions of this website.

Furthermore, you can prohibit Google's collection of the data created by the cookie and related to your use of the website (including your IP-address) as well as the processing of this data by Google in that you download and install the browser-plugin which is available under the following link:

<http://tools.google.com/dlpage/gaoptout?hl=en-GB>

The IP anonymization referred to in the preceding paragraph is activated for this website.

#### IV. FACEBOOK SOCIAL PLUGINS

On select pages of our website we employ social plugins by Facebook, namely the „Like„ button (the website may contain the German version where the button is titled “Gefällt mir” instead of “Like”). Facebook.com is operated by Facebook Inc., 1601 S. California Ave, Palo Alto, CA 94304, USA.

In the event that a page containing a social plugin of Facebook is retrieved, then Facebook transfers the content of the social plugin directly to your browser where such content is then presented as a part of the page. Facebook receives the information that you have visited the respective page. In case that you are logged-in on Facebook at the same time, then Facebook can assort the visit to your Facebook account. Your activities on the social plugin, e. g. a click on the “Like” button, will be transferred to Facebook and recorded there.

You can check Facebook's privacy policy in order to learn in what way and for what purposes Facebook uses the transferred data and how you can influence such procedure:
